

# PROFILE

**S**kylift Consolidator, established in 1977 started out as an entrepreneur venture. Together with Singapore's renowned growth in the seventies and Skylift's credibility as an excellent provider in service, the company has been able to achieve its growth during this era.

Skylift, during its initial years, concentrated mainly on airfreight activities dealing with documentation, transportation and Air Cargo.

In 1995, Skylift Consolidator's seafreight department was established.

In addition, Skylift Consolidator plans to incorporate warehousing operations covering a range of functions from transport of incoming supplies and outgoing goods to the running of stock control Total Supply chain.

Its objective with every project is to create a logistics solution which will enable the clients to concentrate on their core business activities making and selling a quality product and/or service.
